The Return of the Galon King
History, Law, and Rebellion in Colonial Burma
Maitrii Aung-Thwin

In late 1930, on a secluded mountain overlooking the rural paddy fields of British Burma, a peasant leader named Saya San crowned himself king and inaugurated a series of uprisings that would later erupt into one of the largest anticolonial rebellions in Southeast Asian history. The Return of the Galon King analyzes the legal origins of the Saya San story and reconsiders the facts upon which the basic narrative and interpretations of the rebellion are based.

Resistance on the National Stage
Theater and Politics in Late New Order Indonesia
Michael H. Bodden

“The scholarship of the manuscript is impressive, and the research thorough, painstaking and up to date. Its original contribution lies in the detailed, perceptive discussion of theatre activities and performances, linked with sophisticated, highly informed analysis of contemporaneous political structures, events and currents of thought. The breadth of sources drawn on for such analysis, including many newspaper reports and reviews as well as play-scripts, unpublished papers and interviews, is a major strength of the study.” —Barbara Hatley, author of Javanese Performances on an Indonesian Stage
