Preparing for War
(September 1862–January 1, 1863)

Most of McKnight’s early letters discuss routine issues that many soldiers faced during the war. For example, a letter dated December 9, 1862, describes in detail the first half of a typical day in camp: “I have to detail every day at day light I have the Roll to cal. Then we al have to feed our Horses then water. After water then Breakfast at 7 then Officers drill at 8 then Guard mount at 9 then Squad on Company drill then feed Horses grain then dinner at 12.” McKnight also talks about having a “good Bed to sleep in” and for the most part seldom complains about the quality or quantity of food. McKnight often writes that they have “plenty to eat” and on December 15, 1862, pens, “I smel fresh meat Cooking.”

Two common themes in these letters persist throughout the entire collection. McKnight repeatedly speaks of loneliness, and coupled with that is a desire to receive letters from home. On December 17, 1862, McKnight states, “I am wearying for a letter I have written one about every other day. I have received no answer to any that I have written.”

Most of Company K’s early training was conducted in camps located in Middleport and Gallipolis, Ohio. By December 1862, Company K had moved to Camp Ripley in Ripley, Ohio, and McKnight realizes that his unit is preparing to leave Ohio. In a
letter dated January 1, 1863, McKnight writes that he will soon leave “our beloved state” and closes with “Good bye dear wife dear children Dear friends Dear old state.”

These early letters also reveal two personal situations that McKnight confronted before leaving Ohio. Samaria’s early letters do not exist, but she evidently informed McKnight of her pregnancy in the fall of 1862 (the twins would be born on July 4, 1863). McKnight’s initial response is curious: “O I am so grieved to think of your affliction. It almost unmans me the anguish and Heart rending of Parting only seems Doubled at the news. . . . I know I am to blame for it al and cant help it.” Soon after McKnight learned of Samaria’s “affliction,” he was apparently accused of being unfaithful. McKnight referred to the accusations as “slanderous lies” and stated that the mere suggestion of unfaithfulness had “inflicted a severe wound in [his] Heart.”

I was ordered out to drill the Men yesterday and the officer said it was the Best drill they had had for a
Week. I am still acting as Orderly, and the boys seem well pleased so far with me. Our Colonel was here day before yesterday to see us and it . . . through him that the change is to be made it is by no effort of my own that there is a better prospect for me. Dear Wife,

You have not heard before this line that we have received order to report when we are ready to move which may alarm you and make you tremble for fear that we may have to go far away but fear not if we do go it will only be to Camp Denison to organize the Regiment.6 I think which we could not do any other way the Captain thinks that when we get our horses and get organized that we will be sent back here again. Our clothing is at Athens we expect to get them before we leave but it is very uncertain we may stay here all winter. War matters are so uncertain the boys are making a buzz about dinner and I will have to go to dinner. I have had plenty of dinner plenty of pork and beans and some bread and butter & sugar to top of . . . If you may guess how it makes me feel to think of leaving you but there is a smile in my dour above that. I depend on . . . to protect us and I hope you will put your trust in him who is able and willing to save. I hope you will pray for me . . . feel that God is still as he has ever been a father and friend and is abiding. Kiss the children for me come & see me if you can. Bring the children if the weather is good, bought me a carpet sack yesterday so I can take care of what I have we have received more rations today from Galliopolis.7 The Rebels left Canwha.8 No more at present but pray the God of love guide and protect u is my pray.

But I get through them all very well for the sake of my family and Country. I can go through it all and more. But O dear Wife the hardest fate is to leave you and go far away from you. Since I commenced writing the Captain tells me that we are to leave here in a few days 6 days at the farthest and we leave for Lexington Kentucky. 4 companies of our Regiment goes tomorrow or next day then ours goes 4 day later. It is sealed. I goe far away without seeing you. Dear Wife,

Again I seat myself to talk to you again throug the mails again. I am
wel at present. There is some sickness in the Camp. I reported 4 this
morning not bad. I am wearying for a letter I have written one about
every other day. I have received no answer to any that I have written
since I came here. The weather has changed and is very disagreeable. The
Horses stand out all tied on one line and eat their feed of the Ground. In
the fisr place there is posts set in the ground then Bored and a rope put
through and al the Horses tied to it about 2 feet apart on each side alike.
We dril thre times a day at half past 9 then at 2 oclock this afternoon we
was out and I had Command of the first Platton. I dont like to Brag but
I get along as wel as any of them. The Boys sid today Orderly you going
out today if you are we go if not we dont. The Boys stick to me and have
from the first. They think a great deal of our Captain. We all like him for
al the Bad reports about him. If we stay here this winter we wil get to
come home if not it wil be some time before you se me again. I would
like to have the childrens likenesses if it was not so far of. If you have any
more trouble let me know it. I do hope and pray that what you wrote to me is not so for I thought you would not have that to worry about. It has always been a source of trouble to you and I but blame me for it all for it is my fault I know But I know you will forgive for it. O dear it makes my heart ache for you it makes me sad but I can't help it now.

The Cap and I have got a very good Bunk to sleep in now. He is turned in and I am tired and feel like turning in to so good night sweet ones. O my heart wells up Bitter tears and my lip quivers and my breath groes hard when I close my letters to you. I can hardly see to write. So good night dear ones. I hope to see you al again. May God sustain us in this our severest troubles. O my dear Wife and children if I Could be with you again it would be the greatest Comfort of my life. Give my respects to al you know to be my friends for my sake. The fact of the case is there has been more slanderous lies told about the men of the company than I ever new about any thing this world. I think the folks at home must have very little to do and you dear Wife inflicted a severe wound in my Heart when you intimated that I had been unfaithful to you God bless. You are all the world to me. When I sit down to write I can't think to write to any body else but you. If you knew how much I mis you would never entertain the doubts to cause you trouble. If you never go any farther than I have it wil al be right. If you have any doubts about me I wish you would write and let me know for if you do I want to know it for I am not aware that I have ever swerved from my duty to you or my children I hope not and with the help of God I never wil I hope. The Company that was to leave here to day has not gone but are getting ready as fast as possible. They wil possibly goe tomorrow. Tel the children to be good. I would like to bring them home some Christmas Presents and see their dear little faces again but alas that is denied me now but I hope it wil not be long for I think there is some Prospect of Peace.

Remember me to the Children and to Willie Saunders. I know you will Remember me for my meannes if nothing else. You must look over my poor compositions for the house has been crowded of night again. I bid you good night dear Wife. Nomore good night.

Dear Beloved Wife and children,

I have written nearly every other Day to you and have only received 2 letters from you and none from any one else since I have been here. I have wrote to John Susan and Mary Jane and have received no answer. I am looking for Brother John to come down to see me before I leave. It seems that he is the only one that can come very wel. I want to see some of my relations so bad before I leave the State of Ohio. I have been nearly as hoarse for some time back as I was last winter but I have recovered so I feel as wel as ever. I had some chicken for dinner to day and it was good. I have been very healthy ever since I left home. When I left Gallipollis I weighted 175 lbs. but I guess I am not so heavy now. We expect to leave here in about 8 days. Our Horses is to shoe yet then we wil have to leave and when we get to Lexington we expect to get our pay when I shal be able to send you some Money I hope and when we get there I will be with Cousin Marion Rathburn he is there. I wish you would write and let me know how my Customers pays you since I left home. I am afraid they wil neglect you. But I hope you wil not suffer for anything while I am gone. I have hopes that you wil be cared for while I am absent fitting for my country. I hope that ere this time my sweet Lucy wil be wel and all the rest of you And O how sincerely I hope that you wil be al right. I wish you knew the feelings of my Heart. Dear and Beloved Wife and family,

I seat myself to inform you that I am wel at present also the Boys are generally well. We are still at Camp Ripley yet but one more day in Ohio is probably all that we will be permitted to remain in our beloved state as we are packed up ready to start. We are now waiting for Carbines for the Battallion. As soon as they arrive we goe for Lexington which is said to be a very nice place. The 2nd Battallion is there and we expect to winter there. If we do it may be that some of us will get to come home. If there is any chance at all you may look for me. There is not over 5 or 6 men unable to ride in our Company. There is 4 companies here at present and we bear the best name among them all. Co K is a crack Co. I tell you. We mustered for pay yesterday. I have been working on the Pay Rolls tonight. I have Copied two Hundred names on our Muster Rolls. We have 100 men all present but 2 Jo McCaskey and a man by the name Myers who are at Lexington. When we all get there we expect to be Paid of. It is 65 miles to travel. The Boys are ready to go some would rather not go but they are ready to do their duty. We have the least trouble with our Boys of any Co in camp. Tel Willie that I was very glad to hear from him & tel that I will answer it when we get through. I was awful glad to hear that our little lucy was better and the rest of you wel. I would like to be home to day we hardly know it is Newyears. There is nothing to make me think of Newyears. If I had been at home I think I would had some Rabbit for dinner but as it was we had a little extra today and went without dinner for want of water to cook it. We hav got good tents 6 for the men and 2 for the Officers. The Captain says that the Orderly has to stay with him the 2 Lieutenants together so you se I will fare with the Best of them but I do not ask it. I ask nothing better than the men. I take Notice that somehow or other my Canteen is ful of strained honey (curious). Wel Honey and good bread wil do when we are on the way but that is not all we wil have Boiled Beef and Coffee and some other necesaries. I am in good spirits and hope you will receive this. So do not give way to trouble at all. You must not give yourself any uneasyness about for when I cant take care of myself my friends will take care of me. Asher has sore Eyes but they are getting Better. You may know that when I dont say any thing about our Boys that they are al wel. The Boys says
that I am fat as a hog well about 175 lbs. I hope these few lines will find you enjoying the best of health. We have plenty to eat and that to that is good. It is now half past eleven and I must bring my letter to a close. The last for some time that I expect to write in Ohio. But write often yours is always exceptable. Good bye dear wife dear children Dear friends Dear old state. I go to defend you against al enemies. Good night.
